

~~CONFIDENTIAL~~

NPIC/P&DS-70/65

25 February 1965

MEMORANDUM FOR: Chief, Procurement Division, OL

25X1

ATTENTION : [redacted]

THROUGH : Chief, Support Staff, NPIC

SUBJECT : Request for Proposals

1. In the process of contract monitoring, representatives of this Staff have been made aware of technical developments of primary consequence to existing contracts, but which are outside the scope of their original conception. In addition, monitors have also learned of certain proprietary developments which are directly related to existing requirements.

2. In some of these cases the monitors have felt that the disclosures were of sufficient significance to invite the contractor to prepare and forward technical proposals documenting the appropriate characteristics of these developments.

3. Accordingly, technical proposals are anticipated for the six items listed on the attached sheet. It is therefore requested that your office solicit cost proposals for each of these items.
